

S. 578 waives a waiting period in the disability program for the compelling case of patients with ALS.

There are, of course, other compelling cases.

And we have to be mindful of the disability trust fund which will eventually face depletion.

As the Consortium for Citizens with Disabilities, which is an umbrella organization representing advocates for a number of disabling conditions, puts it:

“Bills that only fix the problem for some people who meet the strict eligibility standards for SSDI are likely to lead to interest groups requesting waiver of wait periods for other impairments.”

So it is likely that Congress will see more requests for waivers of waiting periods for those afflicted with disabilities arising from conditions other than ALS.

Waiting periods in the disability insurance program were put into law for various policy reasons.

When we waive waiting periods for specific conditions, some of which are terribly disabling and even fatal, we change the nature of the disability program.

We change benefits and don't have any offsetting change to the tax that funds the disability insurance trust fund or any offsetting change to other benefits.

However compelling it is to waive waiting periods, whenever we do it, we accelerate the exhaustion of the disability trust fund.

And that affects people with all forms of disability.

In order to help make Social Security combined disability and retirement trust funds whole, my amendment would offset the cost of the ALS bill.

My amendment simply changes the minimum monthly withholding threshold for recovery of any overpayment of Social Security benefits to reflect the increase in benefits we have seen since SSA established the current minimum of \$10 in 1960.

My amendment simply changes the threshold amount from \$10 to 10 percent of the monthly benefit payable, as is already done in the SSI program.

With this change, SSA would recover overpayments more efficiently and better fulfill its stewardship obligations to Social Security's trust funds, while retaining safeguards for beneficiaries surrounding overpayments.

Guardrails to protect beneficiaries to ensure that collections don't create hardships are maintained.

Nothing in my amendment leads to benefit cuts of even a penny that a retiree or disabled worker has earned.

This policy is something that has been in numerous budgets of the President, including President Obama and now President Trump.

I urge my colleagues to support my amendment, to ensure that we protect the integrity of Social Security's trust funds while also protecting beneficiaries.

TRIBUTE TO JANICE DONALDSON

• Mr. RUBIO. Mr. President, as chairman of the Senate Committee on Small Business and Entrepreneurship, today I recognize and honor the career of Janice Donaldson, Director of the Small Business Development Center—SBDC— at the University of North Florida, UNF. At the end of this month, she will retire after serving the small business community for 31 years.

Since 1981, Mrs. Donaldson has supported small business owners and entrepreneurs in the Jacksonville area. After graduating from the University of Georgia in 1980, Janice joined the SBDC at UNF as editor of the office newsletter. After 21 years with the office, Mrs. Donaldson took over as director in 2002 and has been a resilient leader throughout her years of service.

During her tenure as director, the center's service area grew immensely,

from one office serving five counties, to seven offices serving 18 counties. Additionally, SBDC expanded its services from supporting entrepreneurs, to now enabling clients to grow their existing small businesses.

In her final year as director, Mrs. Donaldson faced one of her most difficult challenges yet. The COVID-19 pandemic forced her office to work remotely where they had to quickly acclimate to the ever-changing economic conditions. Under her leadership, the SBDC team worked diligently to help small businesses adapt to the pandemic, advising on financial assistance opportunities available, including the Paycheck Protection Program and Economic Injury Disaster Loans through the U.S. Small Business Administration. This year alone, the center has participated in more than 20,000 consulting hours and facilitated the awards of approximately \$50 million in capital to small businesses in her region.

Over the years, Mrs. Donaldson has shown paramount dedication to small businesses. She has played a critical role in the economic growth of northeast Florida and has nurtured the American dream. Mrs. Donaldson will be greatly missed by her colleagues and the thousands of business owners she has assisted throughout her notable career. I wish her the best of luck in all of her future endeavors.●

RECOGNIZING LUCKY GOAT COFFEE COMPANY

• Mr. RUBIO. Mr. President, chairman of the Senate Committee on Small Business and Entrepreneurship, each week I recognize a small business that exemplifies the American entrepreneurial spirit at the heart of our country. It is my privilege to recognize a family-owned business that invests heavily in its customers, employees, and community. Today, it is my honor to name the Lucky Goat Coffee Company of Tallahassee, FL, as the Senate Small Business of the Week.

In 2010, Ben Pautsch founded Lucky Goat Coffee Company as a coffee wholesale and distribution company. Ben, a graduate of Florida State University—FSU—focused on providing high-quality beans to local coffee cafes. The Tallahassee-based business grew quickly as orders poured in. Their reputation for roasting the best grounds led to the creation of the first Lucky Goat coffee shop in 2015. The appealing storefront and large warehouse allowed Lucky Goat to spread their knowledge and passion for coffee through various classes and tours, strengthening their customer relationships in the process.

Today, Lucky Goat Coffee has grown to include five coffee shops in Tallahassee and a franchise location in Jacksonville. Their Tallahassee-based headquarters provides more than 350 wholesale customers across the country with

premium coffee beans. Ben keeps his strong relationship with FSU. Lucky Goat Coffee products are featured on campus, and Ben regularly hires FSU students and alumni. From the start, Ben has been committed to creating dignified work. He prioritizes career development and professional growth for his employees, with one-time baristas moving up to serve in senior management within the company.

Over the years, Lucky Goat Coffee has been recognized for its growth and remained committed to investing in its community. In 2017, then-Governor Rick Scott recognized Lucky Goat Coffee with a Governor's Business Ambassador Award. As one of the 100 fastest growing companies owned or led by Florida State University alumnus, Lucky Goat Coffee was named to the Seminole 100 in 2018, 2019, and 2020. Ben mentors young entrepreneurs interested in the coffee industry, and Lucky Goat Coffee supports local youth-focused organizations, including local Little League teams and Cub Scouts. They also help Leon County Schools, donating much-needed school supplies for students and equipment, including coffee, for the teachers.

Like many Florida small businesses, Lucky Goat Coffee suffered a severe decline in revenue due to the coronavirus pandemic. In April 2020, the U.S. Small Business Administration launched the Paycheck Protection Program, a small business relief program that I was proud to author. The PPP provides forgivable loans to impacted small businesses and nonprofits who maintain their payroll during the COVID-19 pandemic. A PPP loan gave Lucky Goat the support it needed to retain its employees and survive the pandemic.

Lucky Goat Coffee is a notable example of a small business that provides dignified work to its employees and invests in its community. Through their passion and generosity, Lucky Goat fuels Floridians every day with its delicious coffee and supports them through community service.

Congratulations to Ben and the entire team at Lucky Goat. I look forward to your continued success.●
